District Entry Procedures for Coordinators

Step by Step

I. Logging In (We already covered this! You must have an account set up before you can enter any information in the system.)

Verifying Attendance

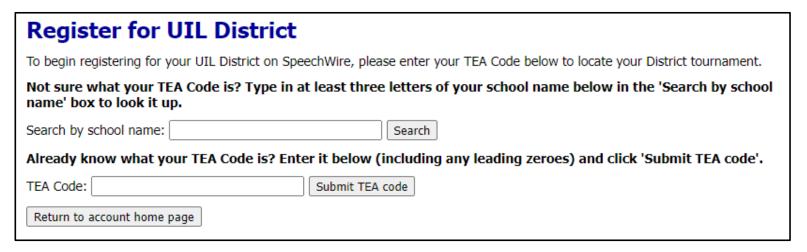

- Click the button labeled UIL Academics/Speech/LD Registration
- If you are logged into the official UIL school record for your school, you will see a page that has a button marked "Will you attend?". If you see this, skep to the next section on Submitting your entries.

Verifying Attendance

• If you do NOT see the "Will you attend" button, you will see a page like this:

• Use the field to look up your school by name or enter your TEA code (if you know it) and submit it.

Verifying Attendance

- NOTE: UIL often identifies schools by their city or ISD name before the school's name, i.e." Roscoe Highland, Northside Stevens, Austin Bowie.
- Once you locate your school/TEA code, you may be prompted for your name and email address.
 - If you see a note indicating that you need to log into your account, this means that you already have an account on the official school record and need to log in return to the beginning of this manual to carefully log in and do this and reset your password, if necessary.
- You will be asked if you want to create an account on the official school record so that you can submit entries. Read the page carefully, and if you want to proceed, click "Create account." An account will be created for you and you will be emailed login details for it.
