The following are NFHS Track and Field Rules relevant to pole vault safety:

Rule 7-5-2: The vaulting pole may be of any material and of length and diameter. It may have a binding of not more than two layers of adhesive tape of uniform thickness. However, the bottom of the pole may be protected by several layers of tape, PVC, metal, sponge rubber, or other suitable material to protect it when placed in the planting box.

Rule 7-5-3: The competitor's weight shall be at or below the manufacturer's pole rating. The manufacturers must include on each pole: the pole rating that shall be a minimum of $\frac{3}{4}$ inch in a contrasting color located within or above the top hand-hold position; a 1-inch circular band indicating the maximum top hand-hold position with the position being determined by the manufacturer. Prior to the competition, the Coach must verify that all of the schools' pole vaulters meet these requirements.

7-5-4: A competitor shall not use a variable weight pole, a pole which is improperly marked, or a pole rated below his/her weight, or any other equipment that is not legal during warm-up or competition. **NOTE:** Altering the pole in any fashion renders it illegal. **PENALTY: Disqualification from the event.**

7-5-5: Prior to warm-up, the field referee, head field judge, or assigned inspector of implements shall inspect each pole to be used in the competition to verify that the poles are legal equipment, per Rule 7-5-3. This includes checking the placement of a top hand-hold band, numerical pole ratings a minimum of $\frac{3}{4}$ -inches in a contrasting color located within or above the top hand-hold band, and the proper binding of not more than two layers of adhesive tape of uniform thickness. The binding shall not be on or above the top handhold band.

7-5-23: A competitor shall not be allowed to use the pole of another individual without the consent of the owner. The event judge shall approve the use and verify that the pole is rated weight-appropriate. **PENALTY: Disqualification from the event.**

Rule 7-5-29h: It is a foul if the competitor grips the pole above the top handhold band. **PENALTY: An unsuccessful trial is charged, but not measured.**

Frequently Asked Questions.

1. Who is eligible to compete in the Wheelchair Division?

All athletes with a permanent physical disability on file with the school and in grades 9-12 who meet the eligibility standards in the C&CR Subchapter M may be eligible. The mobility of a student participant may or may not include or require the full time use of a wheelchair.

2. Where can athletes with physical disabilities compete?

Wheelchair events may be held at any UIL sanctioned meet. Performances at meets held by groups, including the Paralympic events, could be accepted as qualifying marks for state meet entries provided the performance can be verified with official meet results and/or verification provided by the meet host. Resources for track and field meet event information can be obtained from the link: www.texasregionalparalympicsport.org

3. How does an athlete in wheelchair participate for their high school track and field team?

The athlete must follow the same procedures at their school established for traditional athletes competing in track and field.

4. Can wheelchair contestants compete against traditional athletes in the same race?

Yes, in the 100m and 400m it is recommended that if this occurs the wheelchair athlete is designated to compete in the inside lane. Wheelchair athletes are coached to finish any race by following the curve of the track and need more than 20m to stop forward motion. Boys and girls heats may be combined for competition and separated at the conclusion to determine results and places for each gender and/or division.

5. Can wheelchair contestants compete against traditional athletes in the shot put?

Yes, the wheelchair athletes may be flighted with the traditional athletes for the seated shot put throw. Physically challenged participants may choose to take all throws after entering the ring. The athlete's choice of type of "throwing chair" may determine if this is possible or if the athlete needs to be flighted before or after the traditional athletes.

6. How does a coach enter an athlete in the state meet?

The athlete must be entered into the state meet through an online entry form available on the track page on the UIL website. Performance results will be required in order to complete the online entry process.

7. Can athletes racing on the track receive assistance from coaches or other personnel?

No, athletes may only propel themselves forward through their own pushing of the wheels or hand rims.

8. Can athletes throwing the shot put receive assistance from the coaches or other personnel?

A coach (only) may assist the athlete in getting to the competitive area and may also assist the athlete in entering and leaving the circle. Also, for throwing events, the athlete should provide tie-down straps. When no straps are available, a coach may hold the chair during the throwing attempt to prevent excessive movement.

9. Are the uniform rules in place for an athlete in a wheelchair?

Yes, all uniform rules and regulations are in effect just as with the traditional athletes. Some exceptions may need to be considered and presented to meet officials for clarification.

10. Who is responsible for the athlete's equipment?

The athlete is responsible for needed equipment. Schools may provide equipment and assistance may be available through Texas Regional Paralympic Sport upon request. Resources for track and field equipment
