

SPRING SPORTS

2023-2024

ALMANAC

TRACK & FIELD | GOLF | TENNIS | SOFTBALL | BASEBALL

First year of UIL competition: 1971-72

State Meet Structure

From 1972-2010, the first and second place finishers from each region qualified for the state meet. The current structure with nine qualifiers started in 2011, adding the next best time/mark from each regional meet. (Note: There are nine total participants/relay teams at the state meet per event.)

Team scoring at state meet is: 10-8-6-4-2-1 Relays earn double points. Individuals and relay teams score points in 17 events that are accumulated towards a final team total to determine a team state champion.

Evolution of UIL Girls Track and Field State Meet

Season	Conference(s)
1972-80	4A, 3A, 2A, 1A, B
1981-12	5A, 4A, 3A, 2A, 1A
2013-14	5A, 4A, 3A, 2A, 1A(D1), 1A(D2)
2015-	6A, 5A, 4A, 3A, 2A, 1A

Fully Automatic Timing

Since 1995, UIL state and conference records have been FAT (Fully Automatic Times). Times and marks before that time frame were hand timed. Conversions are used in order to include records set before 1995 within the record book. Prior to 1978, the events were measured in yards instead of meters, a separate conversion is used to convert records set in yards.

Location History

The state meet has been held in two locations during its history. The event has been held in Austin on the campus of The University of Texas since its inception. It began at Texas Memorial Stadium from 1972-99, before moving to its current location at Mike Myers Stadium in 2000.

First year of UIL competition: 1910-11

State Meet Structure

Since the state meet's inception in 1911, preliminary heats and tries were used to determine finals participants. From 1959-2010, only the first and second place finishers from each region qualified for the state meet, eliminating the preliminary heat. The current structure started in 2011, adding the next best time/mark from all regionals. (Note: There are nine total participants/relay teams at the state meet per event.)

Team scoring at state meet is: 10-8-6-4-2-1 Relays earn double points. Individuals and relay teams score points in 17 events that are accumulated towards a final team total to determine a team state champion.

Evolution of UIL Boys Track and Field State Meet

Season	Conference(s)

2015-	6A, 5A, 4A, 3A, 2A, 1A

Fully Automatic Timing

Since 1995, UIL state and conference marks have been FAT (Fully Automatic Times). Times and marks before that time frame were hand timed. Conversions are used in order to include within the record book. Prior to 1978, the events were measured in yards instead of meters, a separate conversion is used to convert records set in yards.

Location History

The state meet has been held in three locations during its history. The event has been held in Austin on the campus of The University of Texas since its inception. It began Clark Field from 1911-24 and at Texas Memorial Stadium from 1924-99, before moving to its current location at Mike Myers Stadium in 2000.

First year of UIL competition: 1972-73

Tournament Format

Individual titles are decided by lowest individual score. For team titles, the lowest four scores from teams of five each round are combined to determine a team score. The lowest team score shall be declared the champion.

State Tournament Structure

From 1973-2012, the top two teams and top two individuals at regionals not already on advancing teams qualified for the state tournament. In 2013, the top three teams and top three individuals at regionals not already on advancing teams qualified for the state tournament.

Fort Worth Paschal - 2005 Conference 5A Boys Golf Team Champions

First year of UIL competition: 1948-49

Tournament Format

Individual titles are decided by lowest individual score. For team titles, the lowest four scores from teams of five each round are combined to determine a team score. The lowest team score shall be declared the champion.

State Tournament Structure

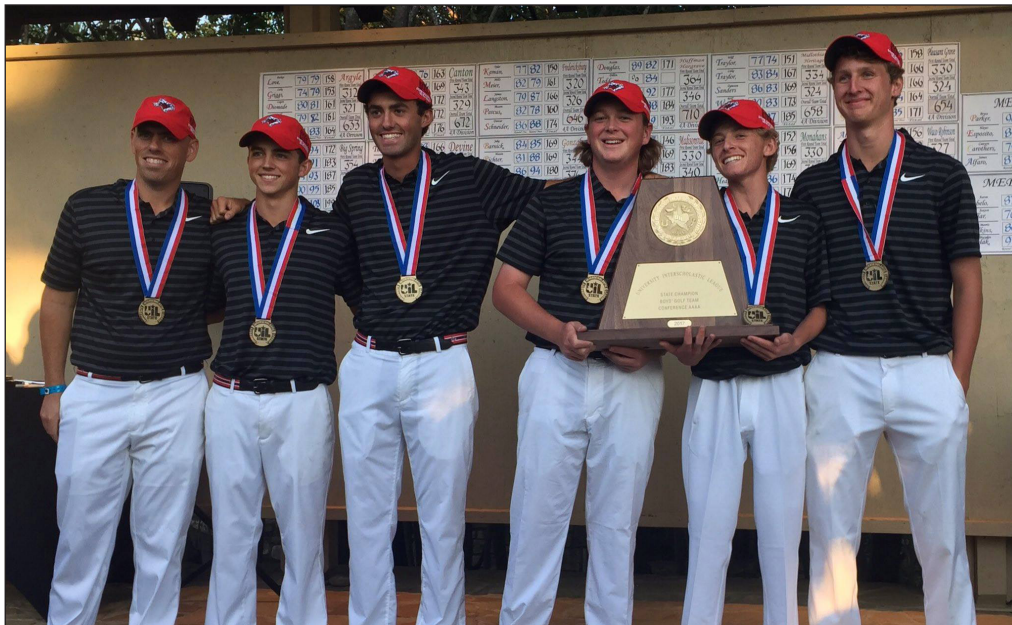

The state tournament began with the top team and top individual not on the advancing team qualifying for state. From 1973-2012, the top two teams and top two individuals at regionals not already on advancing teams qualified for the state tournament. In 2013, the top three teams and top three individuals at regionals not already on advancing teams qualified for the state tournament.

State Tournament Structure

At the state tournament level, quarterfinals, semifinals and finals are played in boy's and girl's singles and doubles, along with mixed doubles. (Note: Mixed doubles was added in 2006.)

From 1920 until 1974, the top finisher/doubles team in each region qualified for the state playoffs. Starting in 1975, the top two finishers/doubles teams advanced to state.

Location History

The state tournament has been held in five locations during its history. The event started on streets surrounding the state capitol in downtown Austin before moving to The University of Texas at the Penick-Allison Tennis Center, UT Intramural Courts and Caswell Courts until 1998. The World of Tennis in Lakeway served as a co-host from 1999-2012. The tournament was also split between UT and Texas A&M University at the Mitchell Tennis Center in College Station in 2012 and 2013. From 2014-19, the tournament was held solely at Texas A&M University at the George E. Mitchell Tennis Center. In 2021, the tournament was moved to San Antonio and has been held at three locations: Blossom Tennis Center, Annemarie Tennis Center, and Northside Tennis Center.

BOYS TENNIS

INTRODUCTION

First year of UIL competition: 1913-14

State Tournament Structure

At the state tournament level, quarterfinals, semifinals and finals are played in boy's and girl's singles and doubles, along with mixed doubles. (Note: Mixed doubles was added in 2006.)

From 1920 until 1974, the top finisher/doubles team in each region qualified for the state playoffs. Starting in 1975, the top two finishers/doubles teams advanced to state.

Evolution of UIL Boys Tennis State Tournament

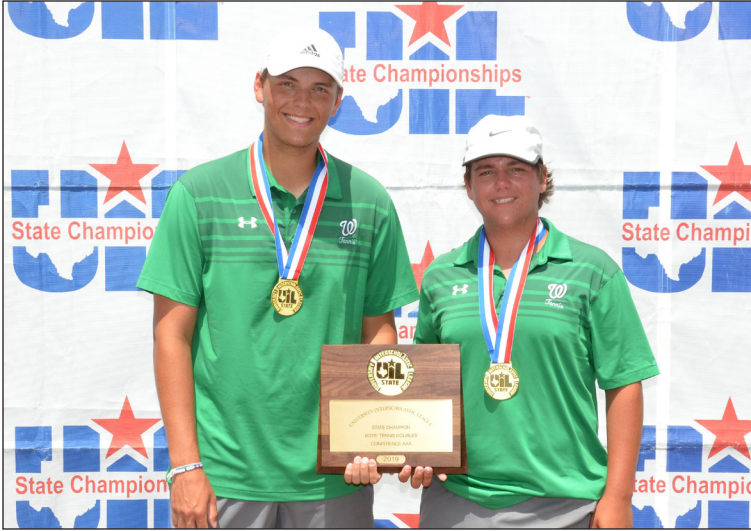

Season	Conference(s)
1914-47	One Conference
1948-50	CITY, 2A, 1A-B
1951-53	2A, 1A-B
1954-58	2A, 1A, B
1959-80	4A, 3A, 2A, 1A, B
1981-2014	5A, 4A, 3A, 2A, 1A
2015-	6A, 5A, 4A, 3A, 2A, 1A

Location History

The state tournament has been held in five locations during its history. The event started on streets surrounding the state capitol in downtown Austin before moving to The University of Texas at the Penick-Allison Tennis Center, UT Intramural Courts and Caswell Courts until 1998. The World of Tennis in Lakeway served as a co-host from 1999-2012. The tournament was also split between UT and Texas A&M University at the Mitchell Tennis Center in College Station in 2012 and 2013. From 2014-19, the tournament was held solely at Texas A&M University at the George E. Mitchell Tennis Center. In 2021, the tournament was moved to San Antonio and has been held at three locations: Blossom Tennis Center, Annemarie Tennis Center, and Northside Tennis Center.

Austin Klores - Franklin

First year of UIL competition: 1993-94

State Tournament Structure

Softball was sanctioned in 1993 with Conference 5A. From 1994-95, Conference 3A was added. Conferences 2A-5A were played from 1996-2000. Conference 1A joined the schedule in 2001. With the addition of Conference 6A to the UIL in 2015, all conferences were elevated one level and Conference 1A was discontinued. In 2017 a conference 1A playoff bracket and state champion were added, with conferences 1A and 2A aligned together throughout district play.

Evolution of UIL Softball State Tournament

2016	4 teams 2A-6A
2017-	4 teams 2A-6A; 2 teams 1A (Aligned w/ 2A Reg. Season)

Location History

The state tournament has been held in three locations during its history. The event started in Austin at the Pleasant Valley Sports Complex (1993-2000), before ending up at its current location in Austin on the campus of the University of Texas at McCombs Field (2001-). The Conference 1A Semifinals were played at Dee Dillon Field in Belton on the campus of Mary Hardin-Baylor from 2017-19. (Note: The championship games of some conferences were played at McCombs Field in 1998 and 2000.)

First year of UIL competition: 1948-49

State Tournament Structure

Baseball began in 1949 with the City Conference and Conference 2A. In 1951, the City Conference was discontinued and 2A stood by itself until 1956. From 1957-78, Conferences 3A and 4A formed the structure. From 1979-80, Conferences 2A, 1A, and B were added. In 1981, Conference 5A was added and Conference B was discontinued. That structure held for almost 35 years. With the addition of Conference 6A to the UIL in 2015, all conferences were elevated one level and Conference 1A was discontinued. In 2017, a conference 1A playoff bracket and state champion were added, with conferences 1A and 2A aligned together throughout district play.

2017-	4 teams 2A-6A; 2 teams 1A (Aligned w/ 2A Reg. Season)

Location History

The state tournament has been held in four locations during its history. The event started in Austin at Disch Field (1949-67), then moved to Nelson Field in Austin (1968-74), followed by a move to the University of Texas at Disch-Falk Field (1975-78). From 1979-99, the tournament sites were split between Disch-Falk Field and high schools in the Greater Austin Area. In 2000, Dell Diamond (1A-3A, 5A-6A) in Round Rock became a site, and has shared hosting duties with Disch-Falk Field (4A).
